

HIV/AIDS CME Education Series

Children's National has created a 3.5 hour CME training that focuses on the HIV epidemic in adolescents in the District of Columbia. This will enable physicians, nurses and physician's assistants to get the necessary HIV specific CME units that the DC Board of Health has made mandatory for the upcoming licensing year.

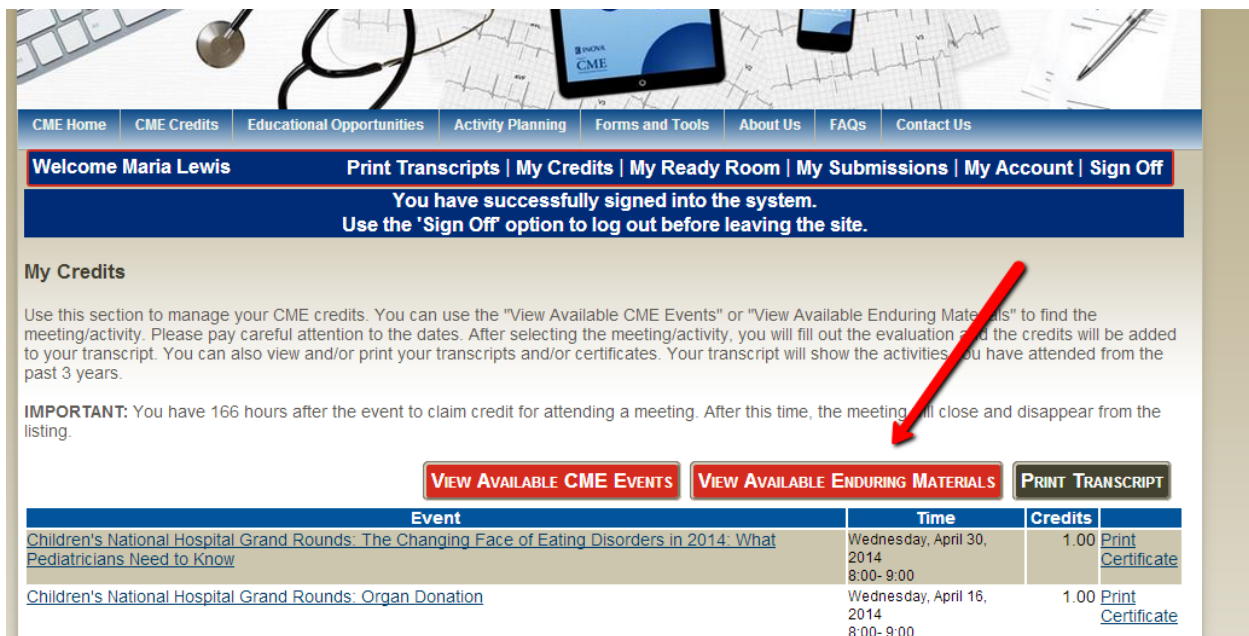

Please follow these directions to complete the trainings:

1. Log into the ICMES portal: <https://icmes.inova.org>
2. If you do not already have a profile in the system, please create a profile.

*please note this is the same system that you claim CME credit for Hospital Grand Rounds and Professorial Rounds. If you have forgotten your password, you can request it from the system. Remember to try both name@cnmc.org and name@childrensnational.org if the system has trouble finding you.

3. After you have created your profile, log in and click on the "View Available Enduring Materials" button.

Event	Time	Credits	
Children's National Hospital Grand Rounds: The Changing Face of Eating Disorders in 2014: What Pediatricians Need to Know	Wednesday, April 30, 2014 8:00- 9:00	1.00	Print Certificate
Children's National Hospital Grand Rounds: Organ Donation	Wednesday, April 16, 2014 8:00- 9:00	1.00	Print Certificate

4. Scroll down to June 6, 2014. You will see the 4 parts to the series. Click "Add Credit". You can then watch each video in the series.
