NEW 2015 Online
Continuing Medical
Education Course**

The HSC Health Care System
Health Services for Children
With Special Needs, Inc.
(HSCSN)

A Fresh Look at Autism Spectrum Disorder

This continuing education course is designed to provide current diagnostic and treatment guidelines to health care professionals (physicians, nurses, clinical/school psychologists, social workers, speech and language pathologists, licenses professional counselors and occupational therapists) in providing educational and clinical interventions for children and adolescents with an Autism Spectrum Disorder.

Course Objectives

- Identify three common co-morbid conditions
- Become familiar with the current DSM-5 criteria and early differential diagnosis of ASD
- Understand the indicators for use of ABA treatment
